

For [California assisted living](#) , there are a number of options available – yet quality of services and facilities can vary dramatically. Fortunately, there is one option that clearly stands above the rest – Sally's Residential Care Home.

What makes Sally's Residential Care Home the ideal [convalescent home](#) ? Simply put – a focus on activities and services that ensure the physical, mental and emotional health of our residents, as well as a facility that is designed to provide exceptional comfort for all.

Our founders, Sally and Kayhan Mojabi bring over 30 years of nursing experience from acute, rehab, geropsych and hospital management positions, including over 30 years in geriatrics. This background has allowed them to build a team that is trained in first aid, and that undergo frequent trainings by licensed professionals on geriatric needs like medication management, recognizing the effects and side effects of medications, psychological care and assisting with activities of daily living.

Our highly [skilled nursing facilities](#) staff ensures that each resident has an individualized plan of care, while also providing activities and entertainment for nearly any taste and preferences. Everything from arts and crafts, daily walks, interactive games, movies, pet therapy and religious services, to name a few options, are available at regularly at Sally's Residential Care Home. For our residents, this focus on community-building often makes all the difference in ensuring the facility truly feels like home.

If you have questions regarding the services that are available through Sally's Residential Care Home, call (805) 701-1246 or go to our [contact page](#) to learn more.
